Presbytery Hears Conference Head

(Lethbridge Herald)
Speaking to Presbytery members when they met for the annual Lethbridge Presbytery of the United Church, in Southminster church, Wednesday and Thursday of last week, Rev. J. R. Geeson, president of the Alberta Conference of the United Church of Canada, recalled many happy memories of the earlier meetings of Presbytery, and spoke in reference to the New Testament conception of the church as a colony of heaven in a pagan world. He emphasized it should be a colony of effective Christians, but such witness was often left to a few in every congregation. Presbytery heard a call for increased temperance education in the church. Previous to his address a roll call of charges was answered to by the lay delegates in reporting the welfare of each congregation. This in conjunction with the statistical report presented by W. G. C. Laidlaw, of Cardston, indicated success all along the way, particularly in respect to membership in church, church school, and financial improvement.

The need of more ministerial personnel was revealed in the Home Mission report presented by the chairman of that committee, Rev. Norman Whitmore of First United church. Miss H. Bartling reported for the Christian education committee and later for her own rural work. She will be going on furlough on Sept. 1st, and Presbytery took the occasion to commend her heartily for her excellent work in the district.

A forceful report on missionary education and overseas missions was presented by Rev. J. W. Smiley of Trout Springs, and H. B. Kennedy gave a church property report and also a progressive program for the development of Canyon church camp at Waterton Lakes National Park.

Services at 7:30 p.m. every Sunday.
COWLEY UNITED CHURCH:
Services alternate Sunday mornings at 11 o'clock.

Inquest Into Bellevue Tragedy Concluded

(Lethbridge Herald)
Having listened for three hours to detailed evidence on the recent shootings here, submitted by officers of the several witnesses, a coroner's jury at Bellevue on Saturday afternoon brought in the following verdict:
That Walter Nibinsky came to his death in the vicinity of the Miner's Union hall, Bellevue, Feb. 5, 1948, at 7:15 p.m. as the result of a gunshot wound of the right chest inflicted by a gun in the hands of George Trifanenko.

That Frances Trifanenko came to her death in the residence of Walter Nibinsky on Feb. 5, 1948, at approximately 7:15 p.m. as the result of a fractured skull and lacerated brain caused by a gunshot wound inflicted by a gun in the hands of George Trifanenko.

That George Trifanenko came to his death in the residence of Walter Nibinsky on Feb. 5, 1948, at 11:15 as the result of a self-inflicted gunshot wound which fractured the skull and lacerated the brain.

This came to a close the worst crime in the history of the hamlet of Bellevue.

Saturday's hearing was the resumption of the postponed coroner's jury hearing which opened Friday, Feb. 6, at Bellevue of George and Frances Trifanenko and brother-in-law Walter Nibinsky and the serious wounding of Mrs. Helen Nibinsky which had originated from domestic trouble between the Trifanekos.

Sgt. Murray and Constable Wm. Shields, of the RCMP detachment, Blairmore, occupied the witness stand for over an hour submitting numerous exhibits pertaining to the crime and presenting evidence which led up to the offence and the actual shooting itself. Pictures, maps, rifles, live and dead shells, letter etc., were submitted as exhibits. They told of being informed of the crime by Dr. George Wolff, of Bellevue, arriving at the scene and finding the body of Mrs. Frances Trifanenko and George Trifanenko who was slowly dying. Death came to the latter in Nibinsky's home at 11:15 that evening, four hours after the offence. A .32 calibre rifle lay between Frances and George Trifanenko.

Constable Shields introduced a letter, which he later proved to have been written by George Trifanenko, showing that the murders had been planned some hours prior to their taking place. The letter read:

"To the Police:
"Everything I own should be sold and put in the bank and given to the kids when they are 18 or age. The stuff I got I am leaving to Charlie Trifanenko in his care and is to sell and put the money in the bank. I am going to kill this three people for interfering in my life and making my wife leave me. I can't stand it any more so I figure that this is the best way out." The letter was unsigned.

Dr. Geo. Wolff told of preparing to go out when he heard someone run down his pathway and come into his home without knocking. She cried: "George shot his wife and shot me too!" He later got to know she was Mrs. Helen Nibinsky and upon examining her found she had a bullet wound on the left side of the chest. She was visibly disturbed and suffered shock. He immediately took her to the hospital. At the hospital he phoned the RCMP. A phone call came to the hospital that someone had been hurt at the Union hall. He first decided to visit the Nibinsky dwelling and upon entering the house the dead body of Frances and the wounded and dying George. Examination of the latter revealed that he was beyond medical help. He then went to the Union hall

Part Of Coleman Business Section Wiped Out By Fire

Fire, whipped by a strong west wind, wiped out almost a block of business places on Coleman's main street early Monday morning. Two business places at the west end of the block remain those of Benko's shoe store and Zak's grocery.

First noticed by Grand Union hotel porters about 4 a.m. in the Coleman Hardware, the fire soon spread. Businesses that fell prey to the flames were Benko's shoe repair, Sam Riva's barber shop, Weir's Novelty store, Rite Spot Cafe, Palace Theatre and the Community hall.

A call for help to the Blairmore fire brigade around 5 a.m. was responded to, and despite the united efforts of both Coleman and Blairmore forces, the fire could not be controlled until long after daylight, but they prevented it spreading to adjoining blocks. Firemen poured water on the smoldering ruins all day.

where he found Walter Nibinsky stretched on a bench. Life was extinct upon examination. At approximately 11 p.m. George Trifanenko died, still being in the Nibinsky home.

Post mortems were made of the three bodies later and the bullets removed from the respective bodies. Dr. Wolff then gave cause of death in each instance which was copied into the jury's verdict. On Feb. 11 the bullet was removed from Mrs. Helen Nibinsky, who is still a patient in the Bellevue hospital.

Wasy Ponzich, father of the two women, told of the day prior to the shooting when Trifanenko had come to his home, but Mrs. Ponzich told he closed shut on the arm and taken his eldest child. There had been an argument. His first intimation of the shooting was when someone came and told him Walter was dead in the Union hall. He went to the hall, saw Walter on the bench, took possession of Walter's rifle which was beside him along with some shells and took them home. He then went to Nibinsky's home where he met Charles Trifanenko and both men stayed there along with the three children in the home until the arrival of the police. He stated Frances and George had been separated about a week.

The inquest was adjourned a short time while the jury, coroner, and police went to the Bellevue hospital to question Mrs. Helen Nibinsky. The latter told of what had actually happened and the fact she saw George shoot his wife, herself and himself but she did not see her own husband being shot.

Charles Trifanenko, of Lethbridge, told of having his brother come to his home in the vicinity of Lethbridge and prevail upon him to come to the Pass and endeavor to get Frances to come back home. They returned to Bellevue on Feb. 3. The young couple had domestic trouble three years ago when Frances had threatened to shoot her. They had not separated on that occasion and Charles had been responsible for their remaining together. He told of seeing George write something in the writing tablet the afternoon of the offence but did not know what he subject was. He recognized the handwriting as that of his brother. He told of playing pool in George's pool room when he was told that George was dying in Nibinsky's home. He rushed there immediately, saw what had taken place and then gathered the children who were present and took them into the kitchen where he remained until the police arrived.

Mrs. M. Wyatt, of Bellevue, told of hearing a woman shout, then a shot and seeing a man run down the alley-

Council and School Board Filled By Acclamation Monday

Results of nominations Monday for members found all offices filled by acclamation. For council A. G. Rees and B. Tedeschini, and for school board, S. G. Bannan, D. J. Davies and F. N. Morgan were the only nominees, filling all vacant offices and elections became unnecessary. E. Williams was the only nominee for Hospital Board. For 1948 personnel of council will be Mayor E. Williams, Councilors W. J. Gray, W. Jallip, H. Vancini, A. G. Rees and B. Tedeschini, School Board Chairman, A. Bosetti, Mrs. V. Krkosky, S. G. Bannan, D. J. Davies and F. N. Morgan.

Pass Oldtimer Dies at Bellevue

Joseph Raskevich, an old time resident of the Crow's Nest Pass, died at Bellevue on Saturday night after a long illness. He was born in Lithuania in 1877, immigrated to the United States as a youth, worked in the steel mills of Pennsylvania, came to the Crow's Nest Pass for the first time in 1901 and was a miner at Frank at the time of the 1903 slide. Later, decorated worked at Michel where in 1906 he married Ann Blatter, also a native of Lithuania. In 1907 they moved to Bankhead, where a daughter, Magdalena was born. He operated a boarding house there and ran the stage between Bankhead and Banff. Subsequently he worked at Merrig, B.G. and at Coalhurst, where he stayed for some time before settling at Bellevue, where Mr. Raskevich and his brother for a time ran the Southern hotel. Later he worked in the mines at Hillcrest and Bellevue.

The late Mr. Raskevich had been a sufferer from arthritis for a number of years and latterly had been bed-ridden. He is survived by his wife and son Alex living in Bellevue; his daughter, Mrs. Wilfred Eggleston and her grandchild, Ann Eggleston of Ottawa; his brother Matthe w. of Coalhurst and relatives in Lithuania.

way towards town. When she got to the main street she saw a man lying on the ground in front of the theatre. When running down the alley the man had carried a gun.

W. B. McDonald told of being en route to the show. Had observed a man lying on ground with a few boys standing around. He was told the man had fallen down and hit his head on a parked car and knocked himself out. He, aided by the boys, packed the man on the union hall where they placed him on a bench. He recognized the rifle carried by Nibinsky and stated when it was brought into the hall he had noticed the hammer was up. There were five live shells in the gun which he removed. The gun was given to W. Ponzich who said it belonged to a relative. He then phoned for a doctor and went to the show.

Stephen Hudis told of George Trifanenko coming to his home in company with a Harry Anderson. He had asked the loan of a .32 gun for the purpose of butchering a steer. The gun had been given him along with six or seven shells.

Margaret Hudis told of George Trifanenko coming back to the house later that evening after her husband, Stephen, had left and asking for five shells as he had lost those first given him. She had given him five more.

The jury was out for three-quarters of an hour before returning with its verdict. Coroner Dr. MacPherson presided at the hearing.

Pass Mines Reopen Thursday Morning

On Wednesday, mine workers voted to end the strike in District 18 that started at midnight of January 12, and all bituminous mines reopened on Thursday.

The vote in the Crow's Nest Pass showed the miners nearly four-to-one in favor of accepting the new agreement which in addition to providing a daily wage boost of \$2 also increases the royalty payment into the miners' welfare fund from three to five cents per ton and gives miners additional holidays with pay concessions.

Voting of the new agreement in steam coal centres from which complete returns were tabulated show the following results:

	For	Against
Bellevue	351	168
Blairmore	277	57
Coleman	408	88
Michel	349	84
Nordeg	255	22
Cannore	181	18

BRITAIN'S SHIPS WILL HELP FEED THE CHILDREN OF THE WORLD

Britain will be putting her ships at the disposal of the United Nations this year to assist the big program of relief for the children of the world. The people of 38 nations are going to give one day's income to the international fund. This will finance food, clothing and medical supplies for millions of needy children all over the globe. Each country will use the money it raises to contribute the most appropriate aid within its power to this vast humanitarian plan. In Britain's case, ships will be made available for transporting the supplies from other countries.

The reason there's room at the top is because so many who get there fall asleep and roll off.

Even artificial arms and legs are lacking for some children in Europe and Asia. Your dollars to the Canadian Appeal for children will help replace arms and legs mutilated by war.

Family Herald Has Unique Collection Of Songs

Since 1895 the Family Herald has been publishing on their Old Favorites Page the long lived melodies that are passed from one generation to another. Over these 53 years the Family Herald has gathered together thousands of old time songs—songs that will never lose their charm and appeal.

This ever-growing library of song is always available to those interested. In 1947 the Family Herald published for the enjoyment of its myriad of readers over 200 Old Favorite songs, including more than 45 with music. Along with the entertainment provided in the Old Favorites are the serial and short fiction stories in the Family Herald. In choosing these stories the editors are guided by readers' opinions. For instance, one subscriber wrote that the stories are "full of interest throughout." A Manitoban commenting on a recent serial, "Now Lost is the Lily" said "Its historical setting appealed so much to me that I waited with impatience for the next issue to arrive." Another reader considered it "Historical Romance at its best."

The Family Herald's policy of giving a variety of reading for every family means equally enthralling stories in future which will, as always, carry the readers interest from week to week.

Ski Tournament

The annual ski tournament is scheduled to be held on Sunday, Feb. 22. This promises to be a big day when contestants from Lethbridge, Nanton, University of Alberta, Kimberley, and other district points will compete in all competitions.

Members of the Blairmore ski club are now active in preparing the ski run and club house for this coming event. The club house supplies ample room for those wishing a bit of warmth also a refreshment booth.

Grand prizes are in order to winners of all competitions including the down hill and slalom.

Come on folks, put in an appearance and support the members of your local ski-club.

Harvest of Hate

By Gregory Clark

The fears, hates and prejudices acquired in childhood discolor all the rest of the years of men and women. A dying German corporal told me this as the excuse for his own lunatic behavior.

In a field dressing station near Carpiquet in Normandy, I was told there was a German prisoner who spoke perfect English, having worked for five years in Rochester, N.Y. He was one of those fanatical SS troops who, when our advance passed lay hidden in the tall grain sniping our men without any hope of escape for themselves. I'm hunting him down, our men had smothered him with smoke bombs, one of which had burned him terribly and it was from the burns he was going to die.

Because of my gray hair, he mistook me for a chaplain. "You can pray for me if you like, but I am not a saint," he said. "I was a child in 1902 when you people starved us. I saw my mother die. I starved myself. All my life I have waited to get even. Now I am even. I have done no wrong, so you can pray if you like."

A Well, I didn't pray then; but I can pray now for the millions of children of Europe and Asia who are having the SS seeds of fear, hate and vengeance implanted in them. And we can also pray for our own children who go on will be men and women face to face with the fatal harvest of that planting. The Canadian Appeal for Children is a prayer in the form of action, and cash on the barrel head.

CONVEYOR BELT CAFE

A conveyor belt cafe which is claimed to save time and space and to overcome the main drawbacks of the usual cafeteria such as queuing, has been invented by an engineer in Britain. The conveyor belt cafeteria consists essentially of three synchronized conveyor belts travelling at equal speed and in the same direction and representing a table and seat and the floor between. Movements are so coordinated that the only sensation of movement the diner can acquire is by comparing his position with some fixed object. The diners sitting on air-cushioned seats are moved from soup to desert in 20 minutes, the time fixed as the average for people to eat a three-course meal. After five minutes when the soup is finished, the seat has moved to the point where the main course is served and ten minutes later to the dessert and coffee section. Underneath each seat on the belt is a compartment for hats, coats and parcels.

There are 200,000 children in Poland who were made orphans by war. These orphans will be helped through your contribution to the Canadian Appeal for Children.

A man's greatest mistake is to suppose that grass widows are green.

Making New Citizens

THERE IS NOW A STEADY FLOW of people immigrating to Canada from various parts of Europe, all hopeful of finding a new and better way of life in this country. At such a time, it would be well for Canadians to give consideration to the many problems which these people must face in adjusting themselves to the life here, and to interest themselves in helping the newcomers to become good citizens of Canada. Attention has been given to this matter by the government and by various voluntary agencies, but none of these efforts can be entirely successful unless they receive sympathetic public support. It is now realized that in the past too little interest was taken in foreign-born residents once they had been admitted to the country and consequently they tended to form their own groups, instead of assimilating themselves with the rest of the population.

To Be Taught The Language

In the past, many of the first generation of foreign-born settlers never became completely familiar with the English language, or with all that this country had to offer in the way of interest and opportunity. Efforts will now be made to help newcomers to learn English as quickly as possible so that they may be able to mix freely with the people, read our newspapers and magazines and be absorbed into the life of the country rather than isolated in small national groups. Canada's Citizenship law, which came into effect more than a year ago was an important step in impressing new Canadians with the privileges and responsibilities of citizenship, but there is much that could be done for them in the interval between their arrival in this country and the time that they become eligible for citizenship, through the interest of the people around them.

Is A Need For Good Citizens

This matter was discussed at a recent convention of the Canadian Citizenship Council and of the Canadian Association for Adult Education. Numerous recommendations were made to the Dominion government concerning the treatment of newcomers to this country. One of these was that there should be a plan for social services for immigrants during the period in which they were meeting the residence requirements for citizenship. Another subject which was discussed concerned the evil of misrepresenting conditions in Canada to those who are about to come here, causing them to be disappointed when they arrive. Canada is a land of opportunity and we have need of new citizens who will help to build for the future. It is timely that the government and public organizations are giving thought to the need, not only of bringing in immigrants, but of encouraging them to become good citizens and to learn to fully understand our way of life. It is an effort which should be supported by all who have occasion to come in contact with newcomers to Canada.

Ontario Wants Alberta Gas

WINDSOR, Ont.—Ald. W. G. Riggs of Windsor said a \$65,000,000 pipeline to carry natural gas from Alberta to northwestern Ontario is being considered by a Canadian company. He did not name the company. "Alberta has enough gas to supply all Canada for 200 years," said Ald. Riggs. He said he will introduce a motion before council aimed at curbing the recurring gas shortages in Windsor and intimating Ontario's option of a pipeline to Alberta would be part of it.

Lloydminster Man Transferred To Ottawa

Air Force Headquarters has announced the transfer of Group Captain C. H. Greenway, O.B.E., Lloydminster, Sask., from Camp Borden to Ottawa as Director of Ground Training for the R.C.A.F., replacing W.C. Walsomey who is attending the National Defence College, Kingston, Ont. Group Captain Greenway joined the Air Force in 1935 after graduating from the University of Saskatchewan with a B.Sc. in Mechanical Engineering. Before the war he was employed on flying instructional duties at Trenton and Camp Borden, and in 1940 went overseas with 112 (Army Co-operation) Squadron. Repatriated for training duties under the British Commonwealth Air Training Plan, G/C Greenway was Chief Instructor at McLeod, Alta., and Yorkton, Sask., and served on the West Coast for two years. In 1944 he became Commanding Officer at No. 4 Service Flying Training School, Saskatoon, Sask., and later was appointed Senior Air Staff Officer at No. 2 Air Command Headquarters, Winnipeg, Man. In September, 1946, he was appointed Commanding Officer R.C.A.F. station Camp Borden, a position he held until his present appointment.

LARGEST FISH HAUL
FLIN FLON, Man.—A Saskatchewan government freight haul arrived at this centre recently with the largest fish catch of the season, about 100,000 pounds packed aboard nine sleighs headed up by three tractors.

TEACHERS NEEDED
KITCHENER, Ont.—Canada needs 7,276 teachers to reopen closed classrooms, Dr. W. P. Percival, director of Protestant education in Quebec and national president of Home and School associations, said recently.

George II was the last English monarch who wore knee breeches as a regular thing. 2764

DOES ANYONE WANT A WHALE?—Washed up on the beach during the recent blizzard, a 30-ton, 63-foot sperm whale presents no simple problem to the residents of Mantoloking, N.J., in Brick township. An appeal was sent to the U.S. coast guard headquarters in New York and a tug has been dispatched to help pull the towfowl out of their predicament.

FUNNY And OTHERWISE

"I see you have a sign in your shop, 'We aim to please,'" remarked the customer.

"Certainly," replied the shopkeeper, "that's our motto."

"Well," said the customer, "you ought to take a little time off for target practice!"

A little girl was told by her teacher to write a composition on "Ants". She began, "Ants are of two kinds — insects and lady uncles."

A burly fellow left a note pinned to his expensive coat in a restaurant while he made a telephone call: "This hat belongs to a champion fighter, and I'm coming back." When he returned the hat had gone. In its place was another note: "The hat was taken by a champion runner—and I'm not coming back!"

"Should I marry a girl who can take a joke?"

"That's the only kind you'll get."

The old negro had called his flock together during a drought period to pray for rain. Entering the pulpit, he gazed sadly upon his bareheaded congregation.

"De faith of some of you niggahs is deplorable," he began. "Here we are, gathered together to ask de good Lord to send us rain, and not one of you has brought an umbrella."

On Willie's return from his first dancing class, his mother asked, "Well, Willie, how do you like your dancing lesson?"

"Oh," he replied, "It's easy. All you have to do is turn round and keep wiping your feet!"

Tattered Tim: "I've been tramping four years, ma'am, and it's all 'cause I heard that the doctors recommended walkin' as the best exercise."

Mrs. Prim: "Well, the doctors are right. Walk along."

Man. Holstein Sets Record For Dominion

Cow Owned By Rockwood Holsteins Of St. Norbert Establishes New High For Butterfat Production

Amuree Baronesse Pietje, a purebred Holstein cow owned by Rockwood Holsteins, St. Norbert, Man., has just established a Canadian record for butterfat production for two consecutive yearly tests on three times-a-day milking. Starting on test as an eight year old she produced in 365 days 1,098 pounds fat from 26,070 pounds milk, average test 4.21 per cent. butterfat and now has just finished her next yearly test with 1,259 pounds fat from 32,080 pounds milk (3.92 per cent. butterfat) for a two lactation total of 2,357 pounds fat from 58,150 pounds milk. Not only is this the largest two lactation butterfat record ever made by a Canadian Holstein on three times-a-day milking but it stands second regardless of times milked daily having been beaten only by the total of 2,357 pounds fat from 58,150 pounds milk made on four times-a-day milking in 1922 and 1923 by Segis Dixie, owned by Hon. D. Raymond, Vaudreuil, Que.

The only Holstein in the world ever to surpass on three times-a-day milking the latest yearly record of 1,259 pounds fat made by Baronesse, was Montvie Rag Apple Colantha Abekker who in 1941 established her world championship record of 1,265 pounds fat from 28,208 pounds of milk at Mount Victoria Farms, Hudson Heights, Que. Canada thus has the honor of having the two top Holstein cows of the world on three times-a-day milking. It will be noted that the butterfat record of Baronesse is just five pounds below that of the champion. Her milk record stands fourth in Canada.

Baronesse's record of 1,098 pounds fat was the largest completed in

RUNS AS COUNTY SHERIFF—Promising to clean up gambling, Mrs. Frances H. Wier of Willowoughby, O., has announced her candidacy for office of Lake County sheriff. The gray-haired grandmother has had 25 years of police experience.

Canada in 1946 and her 1947 record of 1,259 pounds fat was the largest in the Dominion in 1947. Both records were "tops" regardless of age or times milked daily.

"Baronesse" is a good sized cow with great capacity and a good udder and made these exceptionally large records without difficulty. She was bred by Hon. T. A. Cregar, Clandeboyne, Man., and is one of 17 tested daughters of Springbank Snow Pietje of whom 11 are still in the Rockwood herd. Springbank Snow Pietje is a son of Montvie Rag Apple Pietje noted inbred son of Johanna Rag Apple Pabst, he the foundation sire of the Rag Apple family in Canada.

This great cow is passing along her inheritance for high production for one of her daughters in the Rockwood herd has produced 829 pounds fat from 22,821 pounds milk in 365 days as a six-year-old, another has given 732 pounds fat from 18,912 pounds milk as a three-year-old and a two-year-old has just finished a 700 pound fat record.

"Baronesse" made both her records under the personal supervision of Martin Carrieco, herdman at Rockwood.

Under Burmese law, a wife may become head of the household if her husband drinks too freely.

ON MAN WINTER PRODUCES WEIRD TYPE OF BEAUTY—Cold waves might chill you to the marrow, but they also produce an almost indescribable type of beauty. This eye-catching pattern of ice-studded piling presents a unique winter scene for folk in Chicago. The long row of ice formations, gracefully following the sweep of Lake Michigan's shoreline against a backdrop of leaden sky and smooth water, is artist's delight.

FOLLOW DEMAND WITH BULLET—Toronto police fear the start of "protection" racket following an extortion demand and the firing of a shot at the home of Michael Bidner, fruit merchant. For the past five days Bidner has received telephone calls demanding \$10,000. He told the caller no money would be given. Police believe the bullet fired at the house and narrowly missing Bidner was the extortionist's way of saying he "meant business". A circle shows where the bullet entered the house.

KOREAN WELCOME MAT FOR U.N. COMMISSION—Koreans in the occupied area went all out to greet the special United Nations commission upon their arrival in Seoul, Korea, to supervise special democratic elections in the territory. Hundreds of Koreans lined the roadway from Kimpo army airbase to Seoul, in freezing weather, to welcome the arrival of the commission members. The Koreans even built a special archway across the street en route to the capital building as shown here. K. P. S. Menon, of India, was elected chairman of the commission which went into session soon after their arrival. The Soviet delegation snubbed the meeting and thereafter announced that they will refuse the commission entry into Soviet-occupied northern Korea. Now the problem of the commission is whether to hold elections in the U.S. occupied South Korea; appeal to the U.S. "little assembly" for further instructions or to let the matter rest until the general assembly convenes in the fall.

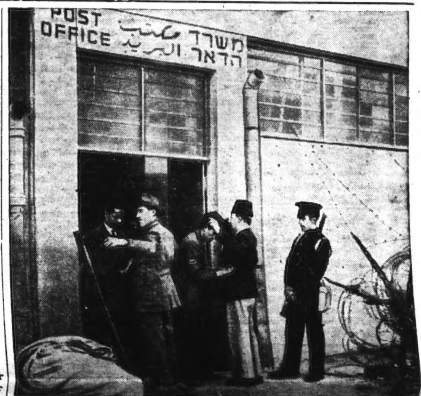

SEEKS \$750,000,000 PIRATE HOARD—With five maps and explanations that she is confident will lead her to the treasure, Mrs. Bula E. Croker, widow of New York's fabbed Tammany Boss Croker, is looking forward to recovering a cache of pirate gold, estimated at \$750,000,000. The gold, she says was buried in the years 1781 to 1783, 40 miles from Pensacola, Fla. She owns the land where the treasure is buried. She is negotiating with a firm of contractors to help her dig up the treasure. The maps came into the family when Mrs. Croker's grandfather was a boy. They were originally in the possession of a Spanish sea captain.

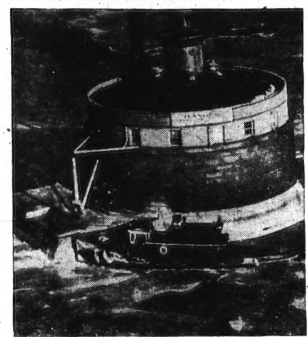

WIFE OF CANADA'S AIR ACE SEEKS DIVORCE—Diana Eve Whittall Beurling, wife of George "Buz" Beurling, Canada's top-scoring fighter ace of World War II, has petitioned parliament for a divorce. Mrs. Beurling is a stenographer, now living in Westmount, Que., formerly a resident of Vancouver. With a score of 31 German and Italian aircraft destroyed, Beurling was the deadliest of Canadian fighter pilots and a master of precision shooting. Mrs. Beurling's divorce petition, which must be approved by parliament because she is a resident of Quebec, was entered last June. Evidence will be heard by a Senate committee and the petition must then be passed by both Houses.

ATOMIC COIFFURE—Placing her hand on an electrostatic generator at the Atomic Energy Commission's exhibit in New York City, Miss Jean Klein suddenly finds herself the possessor of an atomic halo. The machine, used in atomic research, shot 125,000 volts of electricity through Miss Klein's body, causing her hair to stand on end.

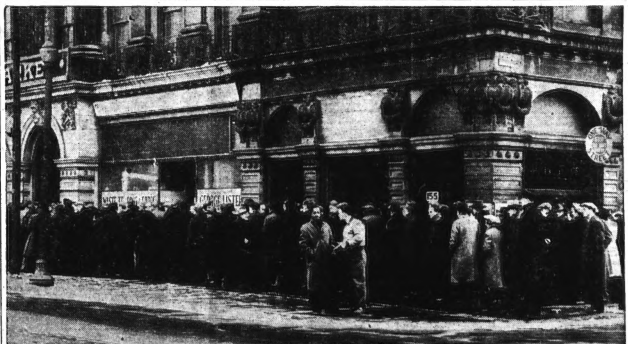

JEWS SEARCH ARABS, ARABS SEARCH JEWS—Although they work side-by-side in the Jerusalem, Palestine, postoffice, Arab and Jewish workers view one another with suspicion. In the above picture a Jew is shown searching an Arab for weapons, while an Arab frisks the pockets of a Jew. A British policeman looks on. At right, a barbed wire entanglement protects one side of the building. According to news dispatches, large concentrations of Arabs were reported northeast of the city, and a new Arab large-scale offensive was anticipated.

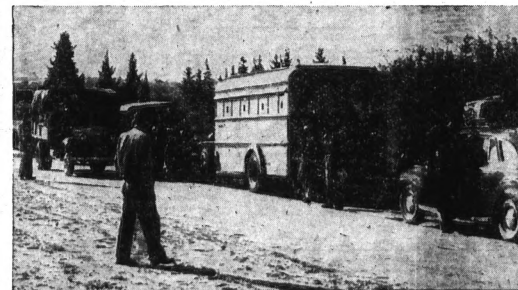

ICE JAM IMPERILS CHICAGO WATER SUPPLY—A tug noses in close to the intake pipe of a water supply "crib" in Lake Michigan in an effort to break an ice jam. Following sub-zero temperatures the floes choked the pipe openings and cut off all water from nearly 2,000,000 Chicago residents. Workmen dynamited the ice to start water flowing again.

GOOD USE FOR BARRAGE BALLOONS—A group of Japanese boys and girls stand beside a half-inflated barrage balloon in Tokyo wearing raincoats made from the waterproof materials of the balloons. These balloons, which were formerly used by the Japanese navy to prevent low flying planes from approaching the Yokosuka naval base, were turned over to the Japanese Red Cross to help alleviate the shortage of wet weather materials in the country.

HUNGRY JOBLESS LINE UP FOR MEAL IN TORONTO—Free meal tickets, donated by an unknown financier, were the target of almost 500 unemployed Toronto men who lined up at an office recently. Three hundred pasteboards, entitling holders to a meal, were given out, and this will be duplicated every day until the end of March. Scene recalls the days of 1933, when hunger lines were common.

CONVOYS PROTECT PALESTINE MOTOR CARAVANS—Activities of Arab bands in lonely areas between the cities of Palestine have made it necessary to adopt the convoy system for travel in the Holy Land. Here is one such convoy en route from Tel Aviv to Jerusalem passing a Hagannah (Jewish defence army) patrol on the road. Included in the convoy is an armed bus. Such convoys are frequently fired upon by Arab snipers.

PLASTIC VIOLIN—Plastic violin made by Ted Hardman of Wiaraton, Ont., is held by his daughter, Nancy. The instrument, said to have a very mellow tone, weighs one pound 14 ounces. Mr. Hardman, an engineer aboard a lake freighter, made the strongly constructed instrument entirely by hand last summer.

WOMEN SHOW MEN HOW TO DRIVE DOG TEAMS—At a winter carnival at Honey Harbor, Ont., women drivers beat all the men entries in the dog team races. Mrs. Monica Longdale, winner of the dog team trophy, and Mrs. Minnie Tobey ran into trouble when early in the race the dogs got into a mix-up. After peace had been restored, drivers continued with Mrs. Tobey, shown here, a close second. Dogs are part husky or part wolf.

PRESBYTERY MEETING

(Continued from page 1)

Reports given by Rev. T. Haythorne of Cardston showed considerable changes pending in Presbytery. Rev. H. V. Ellison of Milk River, Rev. James McKelvey of Blairmore, and Rev. J. Huston of Macleod will seek general changes. Supervising pastors and interim chairmen were appointed for the various fields as follows: Dr. H. Magowan for Blairmore, Rev. Walter Ward for Milk River, Rev. Harry Mutchmor for Macleod, Rev. John Sorochan for Foremost, and Rev. N. W. Whitmore for Macleod.

The Missionary and Maintenance committee under the chairmanship of Rev. McKelvey reported that the objective for 1947 had been exceeded. Rev. H. V. Ellison presented the report on evangelism and social service. Following discussion it was decided that spiritual conference be held for Presbyterians in Coaldale on Easter Monday and Tuesday.

Presbytery strongly deplored the encouragement to gambling in many radio programs and in lotteries conducted for charitable purposes, and attention was called to the fact that total abstinence from alcoholic beverages is the standard of conduct recommended by the church for all United church members. An increased effort in temperance education was urged.

The Presbytery further approved steps taken by the federal government toward restoration of some price controls, to help ease the pressure of high prices on lower paid workers. A resolution deploring discrimination against the Canadian citizenship of Japanese in the province was carried, asking the provincial government to waive the agreement which demands the removal of these Canadian citizens from Alberta.

The Presbytery joined with the W.M.S. Thursday morning at the Sacrament of the Lord's Supper, when a common address that touched the world's need of bread was delivered by the Rev. W. J. Huston of Macleod.

Presbytery adjourned Thursday afternoon to meet at conference in Edmonton in May.

The Presbytery of the W.M.S. which also met Wednesday and Thursday of this week, brought its sessions to a close after the presentation of reports on supplies, community friendship, associated members, temperance and Christian citizenship.

Officers were elected for 1948 and are: Past president, Mrs. A. M. Moe; president, Mrs. D. J. Lonsberry; first vice-president, Mrs. M. L. Thompson; second vice-president, Mrs. H. B. Ken-

Lovering were elected delegates to Branch conference, which meets in Calgary, March 5.

At the close of the afternoon session members of the Presbyterial executive for 1947 presented Mrs. Moe with a gift of crystal candlesticks in appreciation of the fine work done by her during the past three years.

Hitler is still winning his war in some parts of Europe. Children, weakened through undernourishment during the war are fighting a losing battle with survival because they remain ill-fed and ill-clothed. Help to-day by subscribing to the Canadian Appeal for Children.

THE WORLD'S FUTURE IS BEING DECIDED NOW

OUR TOMORROWS depend on what happens to the world's children TODAY. In ruined lands around the globe there are millions of them in misery — scrambling for shreds of food on garbage dumps, shivering in rags. On the continent of Europe, half the children born since the war are already dead of malnutrition. Those who survive — there and elsewhere — are desperately in need of food and clothing. They need schooling, too, for their neglected minds grow as sick as their withered bodies.

**They are the future ...
if they are not saved, our world is lost!**

Canadian Appeal for Children is now conducting its campaign to meet the challenge of these desperate and immediate needs. This is a campaign by the people of Canada, with a minimum objective of \$10,000,000 to provide food, clothing and school supplies for the children — safeguard the health of expectant and nursing mothers — in devastated lands around the world.

Wherever possible, all donations will be used for the purchase of Canadian goods, and the distribution of goods will be under the direction

of responsible United Nations operating agencies.

Your help is needed now. You sympathize. You want to give. But goodwill and good wishes are not enough. Since you may not be canvassed, don't let failure to act be on your conscience. Any BANK will accept your donation. Turn your sympathy and good wishes into a tangible contribution — go to your bank now and give.

FARMERS AND MEMBERS OF CO-OPERATIVES: consult your local organization as to the best way to make your contribution.

READ....

FREEDOM OF CHOICE — NOT COMPULSION

As long ago as May, 1937, a writer in "The Calgary Herald" said:

"With both the Wheat Board and The Grain Exchange in operation, every farmer would have a choice as to the method he desired to employ in disposing of his grain."

"He could sell for cash through The Grain Exchange or deliver to the Wheat Board and take an initial payment, with further payments being made as the grain is disposed of."

"The first plan would give him (the farmer) cash for his grain on any particular day he chose to sell, and the latter would give an average price over the year. There would be no coercion to compel any farmer to use one method against his will."

This is exactly what our members believe in. Farmers who wish to continue selling their grain at the Government's Controlled Price, through the Canadian Wheat Board are entitled to do so. But other farmers who wish to sell on the Free and Open Market should have the right to do so and get the full prevailing world price. Under such conditions, there would be no compulsion, no dictation; each farmer could use the plan of his choice.

Freedom of choice — not compulsion — nor coercion, should be the policy in marketing all Canadian wheat.

Our members so firmly believe in a Floor Price for wheat as they maintain that a farmer should get top prices now. What do you think?

Many prairie wheat growers still do not know how much they are regulated and controlled by the Canadian Wheat Board Act and its Amendments.

Do you? If not, mail the coupon below at once and get the facts. It will be to your interest to read and to study this pamphlet.

To The Winnipeg Grain Exchange,
Winnipeg, Manitoba.

Please send me the pamphlet explaining the Canadian Wheat Board Act and its Amendments. I want to know how the Act affects me.

78th Annual Meeting of The Mutual Life

A record of \$109,000,000 in sales of life insurance in 1947 was reported by Louis L. Lang, President, and W. H. Somerville, Vice-President and General Manager, at the Annual Meeting of The Mutual Life of Canada, held at Waterloo, Ontario.

Mr. Lang stressed the value of life insurance in combating inflation. The world-wide need for manufactured goods and raw materials, and our great ability to help meet that need, should mean continued activity in all spheres of Canadian life, stated Mr. Lang. Most factories are still behind with their orders. Scarcity of goods and high demand has helped create high prices. Economic conditions call for wise spending on the part of all, and a strong effort to avoid excessive inflation. With its resulting distress and disturbances, the speaker called for patience with the development of the United Nations which has made progress toward solution of some of its many problems, and he called on Canadians to remember that the character of its people is a nation's real wealth and hope. All working together under the cherished system of free enterprise, with initiative, industry and a recognition of spiritual values, Canadians should be able to meet and overcome the problems of the future whether they arise from disaster or prosperity.

When reviewing the Company's Balance Sheet, Mr. Somerville pointed out that the Surplus Earnings for the year were \$5,432,440. Dividends, or premium refunds, paid to policyholders in 1947 amounted to \$4,194,200 and provision for the payment of \$4,500,000 to policyholders in 1948 is made in the Statement.

Assets increased by \$18,445,600 to \$305,238,278. The Unassigned Contingency Fund, \$13,403,713 and General Investment Reserve, \$3,500,000, represent 5.5 per cent of Total Assets.

LOUIS L. LANG
President of Mutual Life of Canada, who addressed the 78th Annual Meeting of policyholders, held at Waterloo, Ont., Thursday, February 5th.

Policy Loans are \$17,985, 178 comprising 5.8 per cent of Total Assets.

The gross rate of interest earned on invested assets was 3.84 per cent.

Mortgages and Sale Agreements at \$38,529,492 are 12.6 per cent of total Assets. National Housing Act Mortgages are 22.9 per cent of the Mortgages portfolio. 3255 new mortgages were accepted in 1947.

Bonds comprise 75 per cent of the total Assets and amount to \$223,893, 670. Of this amount \$172,913,896 are Dominion of Canada Direct and Guaranteed Debentures.

Preferred and Common Stocks amount to \$7,880,959.

Policy Proceeds, Dividends and Other Amounts on Deposit with the Company increased by \$3,662,239 to \$45,824,388.

Mortality experience continues to be very favorable.

Mr. Somerville stated that of the total of \$909,381,458 exposed to termination during 1947, actual terminations from all causes amounted to only 3.53 per cent; approximately one-third of these resulting from Death Claims. Maturity of Endowments or Term Policies completing their period

of coverage; and approximately one-quarter are caused when policy holders claim their cash values.

The years since the beginning of World War II have seen a steady expansion in most lines of business, and life insurance has followed this general trend but a comparison of total amount paid as premiums in Canada to all life insurance companies with the total of personal income payments in Canada published by the Dominion Bureau of Statistics shows that the ratio decreased from 5.0 per cent to 2.9 per cent in 1945. The necessary figures are not available for 1946 and 1947 but estimates indicate only a slight rise in this ratio. Thus, a much smaller portion of the earnings of Canadians is now put into life insurance than was the case before the war. Higher income tax and placing of savings in government securities may account largely for the decrease. It seems to indicate, however, that life insurance is not in advance of, but perhaps a little behind, the general expansion; the increase in population, the large number of new families and the rise in the cost of living, all create new needs for insurance protection.

NIGHT JOURNEY

Mothers rise at dead of night

In fear of blankets not quite tight
"I think I heard a sound" they'll say,
And softly move across the way

To stand by children breathing deep,
Now I lay me down to sleep
And smooth the rumped strands of hair . . .

Tonight, when you are watching there

Think on these . . . on children's faces
In the bitter, barren places,
Where those other mothers stay
In aching vigil; while they pray
"Not tonight, Lord. Pass him by."

Now I lay me down to sleep,
Can you sleep, who hear their cry?

Curriers will be forgiven if they chirp
and lie next week.

EVERYBODY'S BUSINESS

Does the man who rushes through his work really accomplish more?

Very rarely, I think. For such a man is using emotion instead of his head. He concentrates on haste instead of efficiency. Before he finishes one thing he is mentally rushing on to the next. So he never does anything thoroughly.

Moreover, the unfortunate effects of such a temperament are felt in many directions. By his nervous actions and rapid-fire speech, Mr. Rush creates a feeling of tension and confusion in other people. Thus he multiplies his own inefficiency.

Speed is desirable only when it is the result of sound planning, increased skill, and the elimination of waste motion.

Don't make a hasty decision about the amount of life insurance you should own. Discuss the matter thoroughly with a life insurance agent. He is trained to analyze your requirements and suggest a plan that meets them.

Voyager: "Captain, what shall I do if I get a sickness?"
Captain: "Don't worry, you'll do it."

Warning that scavengers are a menace to public health has been issued by the department of national health and welfare, Ottawa. In a call on all householders to deposit their garbage only in substantial containers which can be kept covered, the health authorities point out that strays, including such notorious carriers of disease as rats, more easily attack loose garbage, or materials discarded only in paper parcels or cardboard cartons.

CHEVROLET and ONLY Chevrolet IS FIRST!

FIRST in PRODUCTION, in SALES and in REGISTRATIONS of passenger cars

FIRST in Passenger Car Production in 1947—according to published production figures.

FIRST in Passenger Car Sales in 1947—according to conclusive sales records.

FIRST to Produce over a Million Cars and Trucks in a postwar year, 1947, in Canada and the United States—according to published production figures.

FIRST in Total Passenger Car Production and Sales for the total 17-year period, January, 1931, to January, 1948—according to published figures.

A PRODUCT OF CHEVROLET GENERAL MOTORS

WE, your local Chevrolet Dealer—and every other Chevrolet dealer in Canada—are proud and happy to make the following report to buyers and prospective buyers of Chevrolet products:

Again, in 1947, Chevrolet built and sold more cars than any other maker in the industry, just as Chevrolet has built and sold more cars than any other maker for the total seventeen-year period, dating from January, 1931, to January, 1948—the modern period of motor car history!

Naturally, we as well as General Motors are proud of this outspoken preference for Chevrolets, and we are determined to do everything in our power to continue to deserve this preference.

We thank every person in this community for his friendship and goodwill for our organization. We are doing our level best to fill orders for new Chevrolets just as promptly as we can—and we deeply appreciate the patience and understanding of all our customers who are awaiting deliveries of new Chevrolets.

Needless to say, you buy wisely when you buy this product of the world's largest producers of cars, for that is the way to maximum dollar value. Until we can fill your order for a new Chevrolet, please let us help to keep your present car in good running condition by bringing it to us for skilled service.

WORLD HAPPENINGS

BRIEFLY TOLD

About 450 dogs exported to Canada and the United States last year earned Britain nearly \$1,000,000.

Burma will have about 1,600,000 tons of rice available for export this year, it was officially announced.

Work has begun at Belfast on building one of the largest aeronautical research centres in the world.

Geneva was unanimously chosen as the meeting place for the first assembly of the United Nations world health organization in June.

The French foreign ministry has announced the appointment of former vice-premier Franaise Gay, 62, as French ambassador to Canada.

An estimated 600 homes will be erected in Edmonton by city contractors under the federal government's integrated housing plan.

When a Melbourne artist announced recently that he wanted a crew of 20 to accompany him on a world cruise in an 80-foot ketch, he received 520 applicants, 30 of whom were women. No women were taken.

A committee at Shawbury, Shropshire, England, is studying the possibility of using trained falcons to clear airports of birds which last year caused 120,000 (\$80,000) damage to aircraft with which they collided.

B.C.'S ONLY GIRL LIGHTKEEPER RESIGNS

VANCOUVER. — Leslie Thomson, 18, only girl lightkeeper on the British Columbia coast has resigned from her post on windward Pile Island Light, Queen Charlotte Sound, in favor of her brother, Alan.

Leslie, two years ago at the age of 16, became assistant lightkeeper when her father took over the light-house.

It is believed that when she got her last pay cheque, government officials did not know Leslie Thomson, who stood a lonely night vigil seven days a week, was just the man for the job, and so she was appointed.

Smilingly, Leslie said she loved the sea, the light and even the seals. Only visitor to the island is the supply ship which comes once monthly if it is not too stormy. But Leslie said she had dozens of friends she saw every day. Coastal boats steamed past and black and white whistles. At night the friendly twinkling lights of passing steamers kept her company.

Leslie is as proud of the lightkeeping tradition as her grandfather was before her. For many years he, and her own father as a boy, kept the famous Scottish light of Julevorne, first landfall of the wartime ferry pilots trans-Atlantic trips to England.

ONE SECOND FROM ETERNITY

This letter, which first appeared anonymously in an Omaha paper and attracted wide attention, is revealed to be the work of Chester Belz, 35, of Council Bluffs, Ia., who was fireman aboard a speeding Union Pacific train that came close to striking an automobile at a crossing.

"I don't know who you are, it's true, but I do know you were scared to death Sunday evening about 9 o'clock when you drove your car across the tracks directly in front of a speeding passenger train. It was so close that I, in the cab, could see the young girl (your sweetheart, I presume) throw her hands up in front of her face and cringe up against you in stark horror. If I were that young girl I'd pull away from you, fast. You don't show good sense, son. You probably say you love her. I wonder. Those we love we try to protect. But not you.

"Wouldn't that have been a nice present to hand her mother—a broken and battered body? And how do you think that we in the cab of that engine would feel? We are human beings, too. We have young ones waiting home for us to return. We, too, could have been killed.

"You and your girl were one second from eternity Sunday, son.

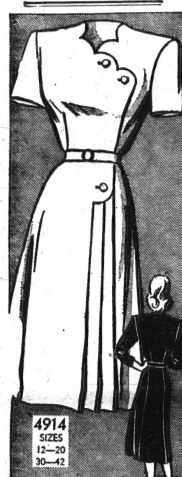

"I hope you read this and know it means you, and that the girl will, too. Next time you go driving around, stop and look. We don't want to hit you, but we are helpless, as we cannot avert away from our given rail. He granted you Sunday evening.

"I said a prayer for all when I realized you were going across. Perhaps that's what saved us all.

"Now think it over, both of you. And I'll bet you are both still shaking in your shoes. And please, for heaven's sake, don't try it again."

Fashions

By ANNE ADAMS

A New Slim Line

Be smart, use this dress to work some good psychology on the Men in your Life! Pattern 4914 gives you an entirely new line, with an attention-getting side-sleeve and scallops.

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4914 comes in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42. Size 16 takes 3 1/2 yds. 39-in. Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly name, address and style number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

RECIPES

SHEPHERD'S PIE OR SCALLOPED MEAT

2 cups chopped, cooked meat
2 cups mashed potato
2 cups left-over gravy
1 teaspoon salt
1/2 teaspoon pepper
1/2 teaspoon paprika
1 teaspoon onion juice
1 or 2 tablespoons butter
It is unnecessary to follow above proportions. Use available amounts of meat and potato, and gravy, and season to taste. Line bottom of buttered baking dish with well beaten mashed potato (either hot or left-over). Add thick layer of meat and gravy, then layer of potato, until dish is full. Make the top crust of potato. Dot with bits of butter. Or, meat and gravy may be placed in lower part of baking dish with single thick layer of mashed potato for the crust. Stuffy beaten egg white may be folded into mashed potatoes before adding to meat. If desired, Bake in hot oven till potatoes are brown, or if cold potatoes have been used, till thoroughly heated and browned. Crumbs, macaroni or rice may be substituted for potatoes.

CHINA'S GREAT WALL

China's Great Wall was begun by Chin Shih about 200 B.C., and is constructed of brick and stone. Ten years were required to construct it.

During a person's waking hours, the eyes are in a continuous state of activity.

STUDENT PILOT WAS TRYING NEW ANGLE

DETROIT.—Norman H. Duckett, 20, student pilot under the GI bill, was fined \$50 for low flying.

"I wanted to see how my house looked from the top," he told Recorder's Judge O. Z. Ide.

"What branch of the service were you in?" he asked.

"The submarine division," said Duckett.

The forested area of Canada covers about 1,220,400 square miles.

COPIED BY SEA SERVICE, INC. 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

ANSWER: It is nearest to South America.

LITTLE REGGIE

PEGGY

Reindeer Run Rings Around Snowmobile

THE PAS, Man.—A motorized bogan is no match for the speed of a caribou as Game Guardian Edward Johanson found out. Johanson said he had been tologing from Cross Lake to Wabowen when his machine, traveling well above 30 miles an hour, overtook an ambling herd of caribou on a small lake.

The caribou observed the slow-going vehicle with interest and playfully galloped ahead for a time. But then, said Johanson, they apparently tired of the "slow speed" and began running in circles around the traveling machine.

A FIREMAN'S DATE

NIAGARA FALLS.—Local volunteer fireman took his girl friend with him to a fire rather than desert her on their first date. Leaving her in his parked automobile, he shouted: "I'll be home in a few minutes." Six hours later she hired a taxi to take her home.

OUR COMPLETE SHORT STORY—

:: CAR THIRTEEN ::

By E. JERVIS BLOOMFIELD

BENTON wiped his glove over the inside of the windshield. Ice crystals showed in the pish against the two areas of the swipes.

"A couple degree drop and it'll be snow, sergeant."

"I roused myself. 'Yeah. Makes dirty driving. But we only got a quarter hour till four.'"

"Right."

"We haven't been shooting the breeze much. Don't you and Williams talk?"

"Not much. I'm no hand at gossip."

"Married?"

"Yeah."

"How long?"

"A bit over a year."

"Tough having to work nights."

Harry Benton was a new man. When his partner was taken sick, I'd had to pinch in.

Car Thirteen eased onto Fifth Street, and the clock showed ten to four. The slush was getting thicker and the trolley tracks didn't show any longer.

The radio crackled and I saw Harry stiffen.

"Car Thirteen. Calling Car Thirteen. Code sixty-seven. Code six seven. That is all."

That woke me up plenty.

Harry turned carefully and stepped on the gas. The wheels spun. I was getting mad.

"A hospital call, with ten minutes to go. I tell ya, Benton, there is no justice!"

He nodded. "Maybe not ... and again, maybe..."

We hadn't gone two or three blocks when the radio beeped again. Harry eased on the gas.

"Calling all cars. Calling all cars. Code twenty-three. Code two three. All cars..."

We crawled a little as he touched the brakes. I was too sore to speak.

"Well..." he asked tentatively.

"That's inner blockade — that's dynamite," I said. "What would you do if you were sergeant?"

Reluctantly he started the U-turn. "Head for West Waterway—that's our station. But they ought to cancel."

Then the radio came in with details: "Stick-up at Maynard's. Get away car is tan sedan. Car Thirteen cancel six seven..."

"There it is!" I swore. "There is no justice. It's not as though they ever show up—just keep you waiting all night."

"Yeh!"

Harry looked grim as he pushed the walling car into the whitening night. It didn't take two minutes to reach the bridge. He came to a stop in the middle of the viaduct, switched

on the roof spot, loosened his holster.

I reached for the riot gun, opened the door.

"Never do show up. Just keep you waiting until you're frozen."

Then two headlights showed from the city side, grew bright and wider apart. They were belting right at us.

I heard Harry yell, "Get clear, sergeant!"

He backed his spinning wheels over the footwalk. I aid for points north. The tan sedan spun between us like it was acting for the movies. It finished one circle, kept going.

The tail-lights faded, and I heard Harry howl, "It's them! Jump in!"

The outfit was well in the clear before we set sail again. I called HQ on the two-way and gave them the dope. Then we started to edge up on them. The way we travelled over that slick made me nervous.

"Keep this up, and we'll finish in the morgue."

"Yeh? Better limber your gun and start on their tires."

Little slabs of red flame came from the car ahead. Our windshield cobwebbed as the slugs hit.

I pushed open the gun port, went to work this up, and I wasn't aiming at rubber.

The driver gave a little jerk and the sedan started to weave. The man on the right leaned over, tried to manhandle the wheel. He hit the curb, slid on one side until a building stopped them. It took us another hundred yards to get ourselves under control.

Back at the wreck you could hear the wail of other sirens, like a pack of hungry wolves. It wasn't until the ambulance and dead-wagon had come and gone that the lieutenant gave us the good word.

"Back to the station and make your report. Then you can check out."

I stamped the snow from my boots. "About time. But I'm glad we were there. They sure came helling across that bridge."

Harry wheeled us right smart to town. But he missed the turn off Fifth to headquarters.

"Hey! Where ya going?"

He grinned. "I haven't forgotten that code six seven."

"Hospital call! That's forgotten. What do you want to follow that up for?"

"The wife's there. I asked them to tip me off—I'd like to know if it's a boy or a girl."

WORLD'S BIGGEST PLANE MAY BE FIRST AND LAST FOR U.S. ARMY — The U.S. air force admits that while it has bought the world's largest land plane — the Consolidated-Vultee C-99, shown here — it doesn't know just what to do with it and has no desire to buy more. Statistics revealing it was 182 feet long, 57 feet high and would carry 400 fully equipped soldiers were released by the air force. Most aeronautical engineers believe the C-99 could land only on three or four fields in the U.S. and as few outside the country. One U.S.A.F. spokesman said: "It taught us a lot of things. It taught us not to buy any more."

Western Briefs Horse Population Declining Rapidly

ARCOLA, Sask. — This southeastern Saskatchewan town's first woman settler, Mrs. Lovinia Beggs who settled here in 1882, celebrated her 100th birthday recently. Mrs. Beggs received congratulatory telegrams from the King and Queen and Prime Minister Mackenzie King.

RED DEER, Alta. — Plans for another Alberta pulp mill are being contemplated by an anonymous client of a Seattle engineer. The mill is to be located in the Red Deer area. Application for a timber berth has been made to the provincial government.

KELOWNA, B.C. — Hunters coming to British Columbia increased nearly 20 per cent — from 4,000 in 1943 to 19,000 last year, Game Commissioner James Cunningham told Kelowna Rod and Gun club. "That's a little more than B.C. can stand," he said. "Tourist associations may be proud of these figures, but they give the game commission cause for alarm."

WINNIPEG — Grocery and department stores here have launched a campaign to wipe out shoplifting, with 16 convictions on such charges recorded since beginning of the year, city court officials said.

GWYNNE, Alta. — A new central school of 5 rooms is being planned for Gwynne, Alberta, in the Wetaskiwin district.

VANCOUVER — The suggested building of a huge auditorium here, rivaling the hockey palaces of eastern Canada's major cities, has Vancouver sport fans looking forward to a new sport era on the Pacific coast. Hockey and lacrosse enthusiasts, who habitually line up for hours — and blocks at playoff time, hope to see soon their favorites perform in local version of Toronto's Maple Leaf Gardens.

WINNIPEG — Stuart Garson said the Manitoba government had inquired of the federal government about the possibility of Dominion assistance in construction of a road that would link the Pas and Flin Flon. The premier told a delegation from the two northern centres that Manitoba had requested federal assistance in construction of a road from Cranberry Portage to Flin Flon on condition the province undertake construction of another section from Wanless to Cranberry Portage.

Snowplane Used To Feed Game Birds

MELITA, Man. — The provincial game and fisheries department has stationed a snowplane in Melita to facilitate the job of caring for and feeding upland game birds during the winter. Tentative reports indicate that the birds are holding their own and also taking advantage of the feed laid out last fall. So far 4,200 pounds of grain have been distributed over a wide area. The trapping and banding of prairie chicken, to ascertain their migrations, is now in progress.

CANADA'S BOY SCOUT MEMBERSHIP GROWS

OTTAWA. — The Boy Scout News says there are 5,282 more Boy Scouts in Canada now than there were in 1946. In 1947 the Canadian membership reached an all-time high of 103,759. Canada now has 94,805 boys in the Scout Movement under the direction of 8,894 volunteer leaders. The previous high mark was in 1939 when the Canadian Boy Scout membership was 102,873.

THE TILLERS

Gives Warning Of Grasshopper Plague For 1948

REGINA. — Warning that grasshoppers, the bane of western farmers during the mid-thirties, would be more numerous and widespread in Saskatchewan in 1948 than in any year since 1940, was issued by Agriculture Minister I. G. Noyes.

Referring to the 1948 grasshopper forecast prepared by the Dominion entomological laboratory, Saskatoon, he urged municipalities to order bait and other supplies immediately in preparation for an all-out control campaign.

"Bait spreaders should be put in working condition now," Mr. Noyes said. "A good poisoning campaign can prevent spring damage to crops and poisoning in the spring can also reduce the extent of crop damage by winged grasshoppers in the fall."

The Dominion entomological laboratory forecast showed grasshopper eggs present in sufficient numbers in 370 municipalities to threaten crops this spring, with the infested area extending southward from North Battleford to the U.S. border and from Alberta eastward to Wynyard, Regina and Estevan.

Intensity varies from very light and patchy to continuous and severe. Infestation is largely of the roadside and field margin type, although light to moderate stubble infestation was found in all the severe and moderate areas south and east of the South Saskatchewan river. Over the rest of the area field infestations were very minor except in a few areas of light soil.

Contributing largely to the severity of the expected outbreak are heavy concentrations of eggs of the two-striped grasshopper, Packard's

Leduc Oil Field May Last 25 Years

CALGARY. — The Leduc oil field may last 20 to 25 years if produced at an economical rate, J. D. Gustafson of Calgary, representing the Imperial Oil company, said at a public hearing before the Alberta Petroleum and Natural Gas Conservation board. The hearing is being held to hear submissions from oil companies interested in the field on production rates to be imposed on oil wells in the field to allow for economical production.

MANY U.S. TOURISTS

VANCOUVER. — United States tourists visiting Vancouver in 1947 numbered 612,052, more than double the annual average before the war, the tourist association announced.

During World War I numbers of British troops were infected with anthrax carried on shaving brushes imported from Japan.

grasshopper and the roadside grasshopper along field margins and on roadsides, with more moderate infestations of the lesser-migrator or stubble grasshopper found in the forest areas south of No. 1 highway and in the Davidson-Craik district.

Canada's Standard Smoke

"An important part of my diet ever since my first bottle has been Crown Brand Corn Syrup. Now, that may be all right for a little character like myself, but let me tell you, these grown-ups sure are lucky what with Mom serving them Crown Brand Corn Syrup with so many of their dishes. And she uses it in her baking, too, as a sweetener. I can hardly wait until I'm old enough to have some hot waffles or pancakes smothered with delicious Crown Brand. It's as good as it is in my cereal—mmmm!"

For years doctors have recommended the use of Crown Brand Corn Syrup as a satisfactory carbohydrate acting as a milk modifier for bottle-fed infants.

a Bank

THE VEIN proves rich, a shaft is sunk, and a new mining town springs into life. The main street takes form. Commercial buildings rise.

When such a development occurs, the services of a bank are needed — to handle payrolls, to keep savings accounts and, as the town grows, to furnish bank credit for the needs of the community.

This is a basic pattern in Canada's development. And part of it is the local bank manager, providing those financial services which help Canadian men and women to win the rewards of modern enterprise and modern living.

Local and General Items

The Editor will be glad to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, showers, presentations, anniversaries, etc. Please items in to 11 or hand them in at The Graphic office not later than Thursday evenings.

Miss Shirley Rae and Miss Ruth Oakes were Calgary visitors last weekend.

Mr. and Mrs. Norman Walker are rejoicing over the birth of a daughter at Mrs. Perry's Maternity Home on Tuesday, February 17.

At Central United church on Sunday evening the sermon subject will be "His Ministry". The senior choir will be in attendance. You are cordially invited to be present.

After an enjoyable evening of curling Thursday evening, the members of the Ladies Curling Club were entertained at the home of Mrs. R. Evans. A lovely luncheon was served.

Mr. and Mrs. G. Steeves and daughter, Mary Clare spent a few days in Calgary last week, and attended the Shakespearean plays presented by Donald Wolfitt and company, of London, England.

Mr. and Mrs. Salvador and young son arrived from Queson, BC, on Sunday. Mrs. Salvador will visit relatives in town, and Mr. Salvador will go to Lethbridge where he takes part in the bospital.

At the United church Presbytery held in Lethbridge last week, Rev. and Mrs. J. McKelvey represented the Blairmore United church. Mrs. J. Boorman and Mrs. S. Danna were the "Women's Missionary Society" representatives.

As seen in the January 30 issue of the Coast News, Sechelt, B.C. The basket social, another relic revived from that by-gone age when comes the "new look", can still pack them in, as the Farmers' Institute proved Saturday when a record crowd attended the School Hall at Gibsons and reported a most enjoyable evening.

Two delightful old timers were among the notables... our "Granny" McEwen and "Chuck" Winegarden... 'Tis whispered that Gran's basket was most interesting and the buyer was surely not disappointed in its contents. "Granny" McEwen was a well-known resident of Blairmore until moving to Gibsons' Landing, BC a number of years ago.

Squeaking floor boards may be stopped by shaking a little talcum powder into the cracks.

Most children in Greece and Italy do not know what milk looks like. Milk is included when Canada responds to the Canadian Appeal for Children.

Murray McLeod, partner in the Carlton Cafe in Calgary, while recuperating from a major operation is visiting this week with his brother, ye editor.

A number of High school students from Coleman and Blairmore motored to Calgary to see the Shakespearean play "Macbeth" at the Grand Theatre.

Two of our talented young people were heard recently over radio station CFCN, Calgary. Stanley Klisi playing a piano selection and Anne Zuberly singing "Danny Boy".

Can you spare one day's pay to save the world? The world is lost unless the plea from children in Europe and Asia is answered. Make your donation to the Canadian Appeal for Children TODAY.

Certificates of Canadian naturalization papers have been granted to Thomas Skorupski and John Kanik of Coleman, Gorog Hlasney of Bellevue and Axel John Johnson of Pincher Creek.

Wm. Kerr, of Bellevue and his son Jim, of Coleman both had rinks this week at the Lethbridge bospital (where curlers "can build" a perfect figure 9 house—maybe rigor mortis "placed" the the 17th rock). Both rinks have returned having failed to reach the jewelry class.

WANTED—Horses for Fox Meat; 1c pound. Contact JOE JACOB, Hillcrest, Alta.

SLENDER TABLETS are effective. 2 weeks' supply \$1; 12 weeks \$5; at Blairmore and Coleman Pharmacies.
